Western Watershed General Education Requirements

Students must complete all Western Watershed General Education requirements to graduate.

Graduation Requirements

Undergraduate programs require a minimum of 120 semester credits for graduation. Of those 120 credits, 40 credits must be in upper-division courses (those marked 300 and above). Fifteen of these 40 upper-division credits must be earned in courses that are part of the standard or comprehensive major program being pursued.

Students are expected to review all graduation requirements, which can be found in the Western Undergraduate Catalog: Graduation Requirements (https://catalog.western.edu/undergraduate/graduation-requirements/).

Degree Plans are for planning purposes. They reflect a suggested plan to complete the degree in a projected timeframe per program of study.

“Western Watershed Course(s)” refers to a course from the Tributaries area of the Western Watershed program. These courses should be chosen in consultation with the student’s advisor.

Western is committed to doing our part to provide each student a clear path to graduation. This four#year degree plan is a sample map for fulfilling requirements in the major and General Education. The pathway that you take to your degree may differ somewhat from this illustration, depending on where you start and the detours and side trips you may take along the way. You are responsible for ensuring your overall, upper division, and major#specific credits as well as GPA requirements are fulfilled for graduation.
