

ENVIRONMENT AND SUSTAINABILITY NATURE WRITING EMPHASIS (WITH A 3+2 MFA IN CREATIVE WRITING)

The Nature Writing Emphasis allows students to complete the B.A. in Environment and Sustainability (ENVS) and the MFA in Creative Writing at Western in five years. To remain qualified for the 3+2, upon earning 60 credits each student must:

- maintain a 3.0 cumulative GPA and a 3.25 GPA within the major;
- provide three letters of recommendation, at least one of which is to be a professional reference and at least one of which is to be an academic reference from the student’s major at Western;
- write a Statement of Purpose to the Graduate Program in Creative Writing’s Nature Writing concentration, detailing ideas for the eventual MFA thesis.
- submit a 20-30 page writing sample

At this point, if any aspect of a student’s performance is found to be insufficient, the MFA Nature Writing Concentration Director will recommend denial of acceptance to the Graduate Studies Dean and the GPCW Director, in which case the student will need to find a new emphasis or minor in order to complete the undergraduate degree. Upon meeting the requirements above, and after Junior Year (reaching 91 credits in this plan—see “MAJOR MAP”) holding to the same GPA and general performance standards outlined above, the School of Graduate Studies will designate the student as a “Creative Writing MFA candidate with provisional acceptance.” Upon completion of Year Four of this plan, the student will receive the BA and the School of Graduate Studies may designate the student as a “MFA Creative Writing degree seeking student.” After Year Four, students who have completed all other requirements of the 3+2 program and all Western undergraduate requirements (120 total credits, 40 upper-division credits, general education requirements, the ENVS undergraduate courses listed under the Nature Writing emphasis, and the ENVS Nature Writing emphasis courses that come from the MFA in Year 4), yet choose to leave the Creative Writing program before Year 5, will still have completed the undergraduate ENVS Nature Writing emphasis and have earned the 120 credits necessary for a Western undergraduate degree.

A minimum of 78 credits is required for the B.A. components of the emphasis. In the fourth and fifth years, an additional 60 credits of Creative Writing MFA coursework results in the MFA in Creative Writing degree.

Code	Title	Credits
ENVS 100	Introduction to Environment and Sustainability (GT-SS2)	3
ENVS 200	Writing the Environment	3
ENVS 250	Environmental Justice	3
